

Dyrlæge Marianne Green

Assistent

mgi@ansagerhestehospital.dk

CV

Uddannet i Veterinær medicin på Københavns Universitet i 2015 og påbegyndte herefter et 2-årigt internship på et henvisningshestehospital i Brandon, Florida. Hun startede som assistent på Ansager Dyrehospital 1. maj 2017 (hedder i dag Ansager Hestehospital).

I løbet af sit internship har Marianne fået erfaring indenfor for både medicinske og kirurgiske sygdomme. Ligeledes har hun under sit internship lavet et projekt om ultralydsscanning af et af ligamenterne til hov-sene benet. Marianne har ligeledes deltaget i kurser for at udbygge sin viden og færdigheder indenfor tandprocedurer, ultralydsscanning af led og sener, reproduktion, følsygdomme samt hjertescanning og EKG-målinger.

Marianne er tidligere konkurrence springrytter, men satte ridningen i bero under studiet. Efter hun er vendt hjem, har hun genoptaget karrieren som dressurrytter på hyggeniveau.

Dr. Marianne Green

DVM

Resume

Marianne got her veterinary degree from The University of Copenhagen in 2015. Thereafter she did a 2 year internship at an Equine referral hospital in Brandon, Florida. She began working at Ansager Dyrehospital 1st May 2017 (today called Ansager Horse Hospital).

During her internship, Marianne achieved experience with a lot of internal medicine and surgical diseases. She has also done a research project as a part of her internship, where she investigated the ultrasonographic appearance of a small ligament of the navicular bone. She has done some continued education within dental procedures, ultrasound of joints and tendons, reproduction, foal diseases as well as cardiac ultrasound and ECG.

Marianne has previously been an active rider, competing in show jumping. Now she is a lower level dressage rider.
